Expenses					MA					BA	CL	
Health Insurance	AZ	FL	GA	IL	MA	MO	SC	WA	WI	BA	CL	DC
Use of Human Services	AZ	FL	GA	IL	MA	MO	SC	WA	WI	BA	CL	DC

¹ This table focuses on content within the surveys that could be considered child outcomes or intervening mechanisms. While almost all of the surveys' contents are outlined here, some of the surveys do include additional items about welfare programs (i.e. questions about the likelihood respondents will return to welfare, what may help them to stay off, etc.) that are less relevant to child outcomes.
